EXHIBIT A

ok excellent. Also as far as those photos that were sold to OK magazine. Britney wanted to pursue legal action. Howard Weitzman agreed that she had a case with that. I fwded him all the emails from that photographer Dani Brubaker to him back in January. Also, I fwded the emails from that guy Ken Dungey, who was threatening to pursue his slandering campaign if I didn't help him find a way for him to profit off some association with Britney in order for him to avoid filing bk. I know that he since found a way to be in contact with the family etc. He is someone I do not know, he is a friend of Danny's, an old roommate of mine that didn't pay any rent and later discovered him involved in prostitution and porn etc. As well there is a guy named Stuart Richards who has emailed, phoned and mailed literally everyone around and including Britney. I believe he lives in New Zealand, he's under the belief that he is coming to visit her, he's aware of her address and somehow continues to discover her phone numbers. He claims to be suffering from a major personality disorder and was previously suicidal. Considering his location, it may just be petty, however he is very obsessed and continues to harass anyone close to Britney. I would be surprised if you haven't heard from him or even Ken for that matter. Sam

I will be in the office until 7pm, so if you need to meet here later that is fine. Our office is small, not a high rise, and there will be only my assistant here so we can have a meeting without interruption. Best, Blair
